Mr. Todd Kostal
Director of Purchasing and Logistics
Atlantic Packaging Products Ltd.
111 Progress Avenue
Scarborough ON M1P 2Y9

Dear Mr. Kostal:

On behalf of Natural Resources Canada (NRCan), I am pleased to send you the enclosed CIPEC Leader plaque, which recognizes your company's voluntary commitment to become more energy efficient and support Canada's goal of reducing greenhouse gas emissions and air pollution.

As a *CIPEC Leader*, Atlantic Packaging Products Ltd. is an integral part of the Canadian Industry Program for Energy Conservation (CIPEC). Operating under the auspices of the federal government's ecoENERGY Efficiency Initiative, CIPEC is a successful industry-government partnership dedicated to promoting energy-efficient industrial practices. Thanks to the involvement of companies like yours, and more than fifty trade associations, this voluntary partnership has flourished since its inception in 1975.

NRCan, as the proud sponsor of CIPEC, looks forward to helping you make a difference to your bottom line and the environment by providing information, workshops and financial incentives that encourage efficient energy use.

Please do not hesitate to contact our office by e-mail at info.industry@nrcan.gc.ca or by fax at (613) 992-3161 if you would like more information. Further information on CIPEC tools and support for industry can be found at oee.nrcan.gc.ca/industrial

Thank you for your commitment and for becoming a *CIPEC Leader*.

Sincerely,

Michael Burke
Director, Industrial Programs Division
Office of Energy Efficiency

P.S. I hope you will consider nominating your company for a CIPEC Leadership award, which will be handed out at our Energy 2009 conference in November. Details are available at www.cipec.nrcan.gc.ca
